1 Summary of Material Accounting Policies

These financial statements are general purpose financial statements prepared in accordance with the Australian Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Act 2001*.

The interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual financial report for the year ended 30 June 2024 and any public announcements made in respect of Fidelity Global Future Leaders Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Responsible Entity of the Fund is FIL Responsible Entity (Australia) Limited (ABN 33 148 059 009) (the "Responsible Entity"). The Responsible Entity's registered office is Level 17, 60 Martin Place, Sydney NSW 2000.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

There are no new standards, interpretations or amendments to existing standards that are effective for the first time for the financial half-year beginning 1 July 2024 that would be expected to have a material impact on the Fund.

2 Fair Value Measurement

The Fund measures and recognises the following assets and liabilities at fair value on a recurring basis:

- Financial assets / liabilities at fair value through profit or loss (FVTPL) (see Note 4 and Note 5)
- Derivative financial instruments (see Note 5)

The Fund has no assets or liabilities measured at fair value on a non-recurring basis in the current reporting period.

Fair Value Hierarchy

AASB 13 requires disclosure of fair value measurements by level of the following fair value hierarchy:

- (a) quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
 - (b) inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly (level 2); and
 - (c) inputs for the asset or liability that are not based on observable market data (unobservable inputs) (level 3)
- (i) *Fair Value in an Active Market (Level 1)*

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

The Fund values its investments in accordance with the accounting policies set out in Note 1. For the majority of its investments, the Fund relies on information provided by independent pricing services for the valuation of its investments.

The quoted market price used for financial assets held by the Fund is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price. When the Fund holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

- (ii) *Fair Value in an Inactive or Unquoted Market (Level 2 and Level 3)*

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

The fair value of derivatives and other securities that are not exchange traded is estimated at the amount that the Fund would receive or pay to terminate the contract at the end of the reporting period taking into account current market conditions (volatility and appropriate yield curve) and the current creditworthiness of the counterparties. The fair value of a forward contract is determined as a net present value of estimated future cash flows, discounted at appropriate market rates as at the valuation date.

2 Fair Value Measurement (continued)

(ii) *Fair Value in an Inactive or Unquoted Market (Level 2 and Level 3) (continued)*

Investments in other unlisted unit trusts are recorded at the redemption value per unit as reported by the investment managers of such funds.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Fund holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

The carrying value less impairment provision of other receivables and payables are assumed to approximate their fair values. The fair value of financial liabilities for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the Fund for similar financial instruments.

Recognised Fair Value Measurements

The tables below set out the Fund's financial assets and financial liabilities (by class) measured at fair value according to the fair value hierarchy at 31 December 2024 and 30 June 2024.

31 December 2024	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Equity securities	124,900	–	–	124,900
Total	124,900	–	–	124,900
30 June 2024	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
Financial assets at fair value through profit or loss				
Equity securities	88,229	–	–	88,229
Total	88,229	–	–	88,229
Financial liabilities at fair value through profit or loss				
Derivatives				
Forward currency contracts	–	1	–	1
Total	–	1	–	1

The Fund's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Transfers Between Levels

There were no transfers between the levels of the fair value hierarchy during the half-year ended 31 December 2024 and year ended 30 June 2024.

3 Net Assets Attributable to Unitholders

Movements in number of units and net assets attributable to unitholders during the half-year were as follows:

	As at			
	31 December 2024	31 December 2023	31 December 2024	31 December 2023
	No.'000	No.'000	\$'000	\$'000

Increase/(decrease) in net assets attributable to unitholders	-	-	225	-
Closing balance*	<u>375</u>	<u>-</u>	<u>4,368</u>	<u>-</u>

* Net assets attributable to unitholders are classified as financial liability at 31 December 2024 and as equity at 31 December 2023.

As stipulated within the Fund's Constitution, each unit represents a right to an individual share in the Fund and does not extend to a right in the underlying assets of the Fund. There are two classes of unitholders in the Fund being Non-ETF Class and ETF Class.

Capital Risk Management

The Fund considers its net assets attributable to unitholders as capital, notwithstanding net assets attributable to unitholders are classified as a liability. The amount of net assets attributable to unitholders can change significantly on a daily basis as the Fund is subject to daily applications and redemptions at the discretion of unitholders.

Daily applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a daily basis by the Responsible Entity. Under the terms of the Fund's Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust a redemption of units if the exercise of such discretion is in the best interests of unitholders.

6 Events Occurring After the Reporting Period

No significant events have occurred since the end of the reporting period up to the date of signing the financial report, which would impact on the financial position of the Fund disclosed in the Condensed Statement of Financial Position as at 31 December 2024 or on the results and cash flows of the Fund for the half-year ended on that date.

7 Contingent Assets, Liabilities and Commitments

There are no outstanding contingent assets, liabilities or commitments as at 31 December 2024 (30 June 2024: Nil).

Directors' Declaration

In the opinion of the directors of the Responsible Entity:

- (a) the financial statements and notes as set out on pages 4 to 11 are in accordance with the *Corporations Act 2001*, including:
 - (i) complying with Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
 - (ii) giving a true and fair view of the Fund's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors of the Responsible Entity.

Independent Auditor's Review Report to the Unitholders of Fidelity Global Future Leaders Fund

Conclusion

We have reviewed the half-year financial report of Fidelity Global Future Leaders Fund (the "Fund") which comprises the condensed statement of financial position as at 31 December 2024, and the condensed statement of profit or loss and other comprehensive income, the condensed statement of cash flows and the condensed statement of changes in equity for the half-year ended on that date, notes to the financial statements, including material accounting policy information and other explanatory information, and the directors' declaration as set out on pages 8 to 12.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Fund does not comply with the *Corporations Act 2001*, including:

- Giving a true and fair view of the Fund's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- Complying with Accounting Standard AASB 134 Interim Financial Reporting and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 Review of a *Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Half-year Financial Report* section of our report. We are independent of the Fund in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) ("the Code") that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Responsible Entity, would be in the same terms if given to the directors as at the time of this auditor's review report.

Directors' Responsibilities for the Half-year Financial Report

The directors of the Responsible Entity are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Half-year Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2024 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain

assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
